Dear Tom, Dale, Tina,

I wanted to thank you for your thoughtful note and for the amazing effort you always put forth on our behalf.

As always, the Hardware Conference at Marco Island was a wonderful experience for us. We always appreciate the variety of opportunities offered to us not only to educate, but to enlighten us relative to what is going on with our fellow "hardware people". We love the round table discussions and all the valuable 'input' from the group as well as the information you present to us based on your research on various topics.

We just always have such a pleasant time and love being able to visit with all of our "hardware families" and friends.

Thanks for all your hard work which makes the whole conference seem effortless and enjoyable.

You are just awesome! And we love you !

Thanks again,  
Sincerely,  
Alan & Donna
